This school is just wonderful, all the staff have been amazingly supportive to my son. He loves it at KTS and is always given so many opportunities to do and learn things he wouldn't always get chance of doing at home. The staff are all very welcoming and I can see the work and effort they put into their jobs they are passionate about the children they work with. I wouldn't want my son to go anywhere else it's an amazing school.

It is about time the school took respect on shoe or clothes or child made sure they don't get ruined.

My child thoroughly enjoys coming to school. All the staff are very friendly. I can't thank the school enough. My child has come on in leaps and bounds since starting KTS.

My son likes his class and the teacher & TA's in there. He mentions them by name & usually what they have done together. He is gaining some excellent life skills.

My son is happy and content in his school environment. His development continues to bloom. The school is amazing. The staff are always supportive of any worries we may come up against with our son.

I want your help to help Khadeesah how to write.

Not happy with the choice of high fat meals on offer at lunch time. And apparently they get large portions. I know there is salad etc but most children if they have a choice will go for high fat meals ie chips, pie, macaroni cheese.

I am very pleased with the school.

We have always been very happy with the school and how its run. We know our son loves to come to school and it taught to the best level possible. Thanks.

No complaints. The teachers are amazing.

We as parents are very happy with the progress our child has made over the school year. Staff are approachable and dedicated.
