Headteacher: Brian Richardson

Dear Families,

Thank you for your ongoing support with home learning during last term. As we enter another lockdown period, we wanted to refine what we are offering in terms of remote learning.

We believe that at KTS we have already been offering a remote education which is bespoke and meets the needs of individuals on a case-by-case basis, avoiding a one size fits all approach. However, we have reviewed the provision and made some changes in line with expectations and emerging best practice.

We would like to continue to work with families to offer what would best suit their needs so that pupils continue to engage in learning and make progress when they are not in school.

At KTS we are also very aware that for our complex pupils with SEND they are unlikely to be able to access remote education without adult support. We have also considered carefully the expectations in relation to remote learning and the significant demands it may place on families. We understand that some of our pupils will simply not engage in school activities in the home environment. The remote learning plan for your child and their class is what we are required to provide. However, there is no expectation that you must deliver our suggestions. We do hope that as we know the children well, that there will be some ideas and activities that you might be able to include in your child's day.

On the back of this page is your child's classes remote learning offer.
